Life Hack: Using Clips to Improve Your Life

Posted on March 14, 2016 by admin

I don't usually find a lot of videos that have a wide appeal, but this bad-boy is really good. Except for his use of unsafe technology (apple) in his demo and their nasty proprietary adaptors, this is a very inspiring and useful video. [USEFUL VIDEO TO USE CLIPS EVERY DAY](#) I had some challenges replicating his ear-bud trick because my ear buds have a rigid mute button section but I'm sure there is a way to make it work with that, too. I'm definitely going to go and buy myself a bag of clips and I bet the clip industry just got a nice boost in annual revenue thanks to this dude. I also found [this article](#) to build further on your already-excellent repertoire. Hope you enjoyed as much as I did.
